

Distal Tip Protectors

Flexible Endoscope Tip Protectors

ARTG 227568

Features

- EndoSelect flexible endoscope distal tip protectors are the ideal solution for protecting the scopes tip during transport.
- EndoSelect Distal Tip Protectors are made from semi-rigid expandable mesh to protect the tip/lense of the instrument from front and side impact.
- They are single use and fit the common Gastrosopes, Colonoscopes, Duodenoscopes brands on the market.
- EndoSelect Distal Tip Protectors allow moisture to escape, eliminating potential bacterial growth.
- EndoSelect Distal Tip Protectors are designed not to fall off and are non-abrasive so as not to scratch any part of the instrument or lens.
- EndoSelect Distal Tip Red: Small for instruments approximately 2-10mm diameter
- EndoSelect Distal Tip Blue: Large for instruments approximately 7-15mm diameter

Product Code	Product Description	Pack Size	Quote
